

**COHERENCE/FLOW & CONTAINMENT/CAPACITY** 

## Let's Practice The Nervous System Basics

#### **SWIMMING POOL & BEACH BALL ANALOGY**

a) The swimming pool is your:

b) The balls are your		_&		
c) It's ALL about	&		&	
			<u> </u>	
		、 、		
d) (Flow is a simple word for		)		

1

**COHERENCE/FLOW & CONTAINMENT/CAPACITY** 

## Flow/Coherence Explained

DRAW 4 CIRCLES THAT AREN'T TOUCHING EACH OTHER:

Having good FLOW means good \_\_\_\_\_\_!

We want flow WITHIN each circle & Flow BETWEEN each circle.

## What is Containment?

Containment IS staying \_\_\_\_\_\_ and connected to the \_\_\_\_\_\_ and your \_\_\_\_\_\_ while experiencing bodily experiences (sensations, feelings, images, thoughts, actions,

behaviours, etc...), no matter how intense or activating.

#### TO INCREASE THIS FLOW, SPACE, CONTAINMENT AND CAPACITY AND HAVE MORE CHANCE FOR RELEASE, WE WANT TO WORK ON AND PRACTICE THESE 6 THINGS:

1.	 
2.	 
3.	 
4.	 
5.	 
6.

**COHERENCE/FLOW & CONTAINMENT/CAPACITY** 

## 1. Orienting

SMARTBODY

MARTWIN

Sparks up the social engagement nervous system, which is the \_\_\_\_\_\_ of the parasympathetic nervous system.

#### 2. Awareness

With the \_\_\_\_\_\_ & your \_\_\_\_\_\_.

#### 3. Self-Awareness

With \_\_\_\_\_\_ and your \_\_\_\_\_\_ (A.K.A: Your \_\_\_\_\_)

## 4. Follow Your Impulses

Listening to your body's organic \_\_\_\_\_

## 5. Joints/Diaphragms

Little containers and spaces that need to be \_\_\_\_\_\_ & \_\_\_\_\_

## 6. Kidney/Adrenal Interface

Primary organ system that goes on \_\_\_\_\_\_ and reacts severely in a \_\_\_\_\_\_ situation. We work the kidney/adrenal interface so that we stop the system from \_\_\_\_\_\_ itself.

It can take up to \_\_\_\_\_\_ years to recover and repair this circuitry, even after the

\_\_\_\_\_ is gone.

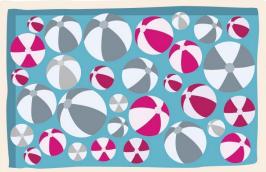

**COHERENCE/FLOW & CONTAINMENT/CAPACITY** 

# Back to the Swimming Pool & Beach Ball Analogy

a) The many balls packed into this pool represents the \_\_\_\_\_\_ stored

within the body. This is nervous system \_\_\_\_\_

Many "balls" means:

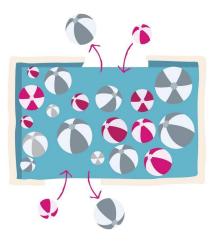

b) The goal is to \_\_\_\_\_\_ those "balls."

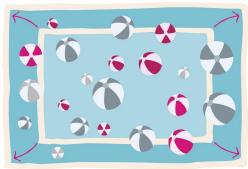

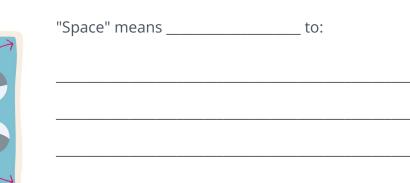

#### **COHERENCE/FLOW & CONTAINMENT/CAPACITY**

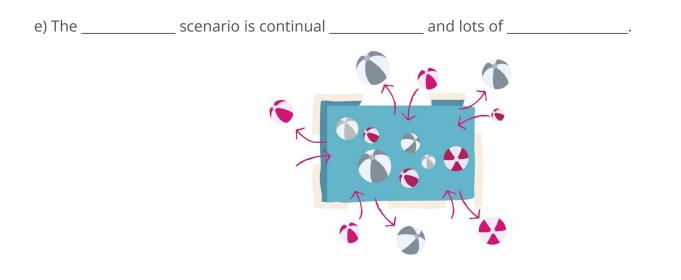

c) We want to create more \_\_\_\_\_\_ paths to release those "balls."

d) We also want to make more \_\_\_\_\_\_ in general.

**COHERENCE/FLOW & CONTAINMENT/CAPACITY** 

**Personal Notes:**
